498

The image shows a close-up of a light-colored wood surface with a vertical grain pattern. The grain consists of fine, parallel lines running vertically. On the right side, there is a prominent, vertically oriented knot or eye, characterized by concentric, wavy growth rings that curve around a central point. The overall color is a warm, pale beige or light tan.

005

The image shows a close-up of a wood grain texture. The wood has a warm, reddish-brown hue and a prominent, wavy grain pattern. The texture is smooth and natural, with varying shades of brown and red creating a rich, organic appearance. The grain lines are mostly vertical but curve and swirl in several places, particularly in the center and lower right areas.

P 135

金丝柚木

007

The image shows a close-up of a wood surface with a vertical grain pattern. The wood has a warm, medium-brown tone. A prominent vertical line runs down the center, possibly a joint or a natural grain variation. The texture is smooth but shows natural wood grain details.

P 136

鸡翅木
002

The image shows a close-up, vertical view of a wood grain. The color is a rich, warm brown, ranging from a light tan to a deep, dark chocolate brown. The grain lines are mostly vertical but have a wavy, organic quality. There are subtle variations in the texture, with some areas appearing slightly more fibrous or having small knots or imperfections. The lighting is even, highlighting the natural texture of the wood.

P 137

奥运橡木

071

The image shows a close-up of a wood grain texture, likely from a reddish-brown wood species. The grain is vertical and runs through the entire frame. There are some natural imperfections, such as a small circular knot or hole on the right side. In the bottom right corner, there is a small table with two rows of text, separated by horizontal lines.
